Mike Reidenbach

CIO, Global Payments

Mike has been with Global Payments since September 1993. He is the Chief Information Officer for the US business, where he is responsible for the Systems, Network, Computer Operations and Telecommunications areas for the company, as well as the Project Management Office and Product divisions. As such, he is responsible for the company's overall system architecture, major project initiatives and product offerings. Prior to Global Payments/NDC, Mike spent nine years as an Instructor Pilot for the U.S. Air Force after graduating from the United States Air Force Academy. He flew several aircraft types during numerous operational missions throughout the world, including Desert Shield and Desert Storm. Mike has been selected for the President's Club award three times (1995, 1998 and 2005), and was selected as Manager of the Year for 1998.
